Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.  
A "++" following a place name indicates that the place is also a false MCD; in this case, the place name is not shown on the map.

<sup>1</sup> In 1990, the census vessel population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 map, indicating a census tract with a "99" suffix. This map shows the same symbol as a census tract with the census tract number shown near the area.
